It has been said that a message in a college annual should be addressed to two audiences. The first is the graduating class of the year in which it is produced who eagerly seize it to see in print their own record in picture and story. The second audience is the same many years hence who in a nostalgic mood look back upon the faded and perhaps quaint pictures and recall experiences of long ago.

To the first of these groups, I would say that it is a great time in which to be alive. Thousands of indications exist which attest to the fact that this period of your life will be exciting and stimulating. If you make it so, it will in this country be happy and with ever increasing challenge. May I humbly remind you, however, that the past has not been without its triumphs and its values. As an old man, may I suggest that you ponder the values which with great travail and pain have been hammered out of humanity's vast experience.

To the second group, I would say across the years which separate us that the world is not yet old. Try to recapture some of the spirit of youth by reconsidering the values which you cherished when this book was new. Have patience with the young. You were young yourself once. Whatever age you are, you are still within the range of learning and development. Practice those virtues in which you most believe now before it is too late and always remember that, "We become the sort of people we practice being."

E.S.A. Club Conference

M.U.S.C.

Montreal Universities Student Conference was organized this year consisting of McGill, U. of M., and Sir George. The purpose of this was to bring together the student governments in a closer relationship so that they could take united action in the best interests of the students of the member Universities.

Garnet Key

Membership in the GARNET KEY is the highest honour that may be awarded to undergraduates. Members are elected on consideration of scholastic standing, contributions to extra-curricular life, and personal character.

Sports

Sports Summary

This year more students participated in college athletics than ever before, even though Sir George does not as yet possess its own facilities. The difficulties encountered in controlling sports, spread eagled across the city, are enormous. Our Athletic Administration deserves much credit for their efficient work under harassing conditions.

The outstanding feature of the year has been the success of the Senior Basketball team. They won the Montreal Inter-Collegiate Basketball League, and the Ottawa-St. Lawrence Conference Championship, and five members were invited out with the Olympic Trial Team.

On the whole, the sports results have been quite pleasing, with such individual stars as Gordie LeRiche, Morty Freed, Willie Epstein, Ricky Freitag, Connie Mandala, Eddie Flegg, and Desmonde Pitt.

Promising Water-Polo and Swimming teams suffered a set-back when the pool facilities broke down in mid-December. On the other hand, it has been pleasing to note the increasing interest in Squash and the showing of the Ski team.

The sports season would be incomplete without a word of praise for Danny Rapp, sports editor of the **Georgian**, whose excellent coverage has done much to foster the interest and growth of activities.

Altogether, a satisfactory season, with many happy moments and an optimistic future.

Junior Basketball

Hockey

This year's hockey team was predicted to be of championship calibre. Only the barest minimum of circumstances prevented this realization. With an eight win, two loss average, the team placed a respectable second in their five team league, one point behind the winners.

Skiing

"Number 99 and he wants a beer."

With 160.61 points, the Ski team came home a respectable fourth in the New York State Inter-collegiate Ski Championships held at St. Lawrence University in February. With this extremely good showing against some of the top skiers in the U.S., hope is raised for even greater achievements next season.

"Go Marty, go."

Tennis

The leading members of the intra-mural tennis competition represented the University in the Ottawa — St. Lawrence Conference in mid-October. There, in poor weather conditions, the team won four matches.

Track

Succumbing to the effects of inadequate training facilities, the team placed a poor fourth in a field of five at Ottawa. Although the overall success was disappointing, there were some notable individual achievements.

"And now the stories."

Golf

Although this year's golf team was not too successful, Gordy Leriche brought us honours by copping the low gross in two tournaments.

Fencing

Despite the lack of a coach the Sir George fencing representatives did very well in the provincial tournament on February 24, 1960. Pat Shepherd was sixth in the finals of the women's section and Cliff Werb was fifth in the men's final.

Cheerleaders

Squash

Soccer

This year's team came third in the league, under the coaching of Mr. Finnie. There were several strong individuals, around which a good team can be built next year.

Traditions *that live*

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is a university degree education given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

to serve the **Future**

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified high school graduates to obtain a university degree education either at the Canadian Services Colleges or at designated Canadian universities. Full details of this sponsored education can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

'Closing date for candidates applying for 1960 fall classes is 1 July 1960'.
